itc · PAPERLESS CONFERENCE SYSTEMS

TS-8512DZA-C

Paperless conference terminal

The itc TS-8512DZA-C is a paperless conference terminal from itc's Paperless Conference Systems range, built for council chambers, boardrooms, government and university meeting halls, courts and conference centres.

Key figures: power supply POE power supply; maximum power 30W; ethernet 100M.

Key features

- The device adopts a desktop design and is equipped with an... — The device adopts a desktop design and is equipped with an 8-inch auxiliary screen on the back, which highlights the high-end atmosphere of the product. When paired with
- Capacitive touch buttons are used for microphone switches... — Capacitive touch buttons are used for microphone switches and voting, which can effectively eliminate key knocking sounds and ensure a good venue environment.
- The microphone unit adopts non-compressed audio... — The microphone unit adopts non-compressed audio transmission technology, 48K sampling rate, and 80Hz-16KHz bandwidth for perfect sound quality.
- The microphone unit communicates using the standard TCP/IP... — The microphone unit communicates using the standard TCP/IP protocol, and each unit can support the ping packet function.
- The equipment is powered by a one-line power supply network — The equipment is powered by a one-line power supply network; the functions of network supply, power supply, and microphone audio transmission are realized through

Technical specifications

Power supply	POE power supply
Maximum power	30W
Ethernet	100M
Microphone interface	1
USB interface	2 USB2.0 interfaces
Touch button	4
Tablet interface	1
Product Dimension	325×135.6×155.1mm
Weight	1.6kg
