Immersive System Management Controller

The itc TS-CJ00G is an immersive System Management Controller from itc's Immersive Sound System range, built for object-based immersive audio in theatres, exhibitions, theme venues and premium auditoriums.

Key figures: power consumption 65W; cpu Intel Core i7-1165G7 (4-core 2.8GHz, maximum 4.7GHz); graphics card Intel Iris Xe Graphics. Highlights include VESA Compatible Mount and wireless Antenna.

Key features

- VESA Compatible Mount
- Wireless Antenna

Technical specifications

CPU	Intel Core i7-1165G7 (4-core 2.8GHz, maximum 4.7GHz)
Graphics card	Intel Iris Xe Graphics
RAM	16G DDR4
Hard disk	SSD 256G
Network card	Dual 10/100/1000Mbps Ethernet cards
Audio interface	Digital 8-channel audio (LPCM/bitstream via HDMI) for headphone out/Mic in
USB interface	3*USB 3.1 10Gbps (2*rear, 1*front)
Display interface	HDMI 2.0 (up to 3840×2160@60Hz), DP 1.4 (up to 4096X2160@60Hz) output
Wireless/Bluetooth	802.11ac WiFi, Bluetooth 5.0
Card reader	Multi-use card reader (SDHC/SDXC)
Supported system	Support Windows 10&11 64-bit
Accessories	VESA Compatible Mount, Wireless Antenna
Power consumption	65W
Working temperature	Recommended 0°~35°
Product size (L×D×H)	149.5mm*149.5mm*28.5mm
Net weight	About 535g (without memory hard disk)
Shipping size (L×D×H)	235*235*88mm
Gross weight	640g
